

# Go Give Charity Scavenger Hunt – Isle of Impact

Virtual Scavenger Hunt for Good

Combining the scavenger hunt fun of Virtual Go Team and the joy of giving through B1G1, Go Give is the ultimate Remote CSR event.

## Group Size

10 - 300

## Time Needed

1.5 hours

## Space Requirement

### Ideal For

Our charitable virtual events work best when kicked off on a video-conference by YOUR executive team. After an introduction, our lead facilitator joins on-screen to share information about the cause your event will support, to make a direct connection between your team and the beneficiary organization.

- Feeling good from giving
- Supports teamwork initiatives
- Encourages strategic thinking
- Tailored to desired outcomes
- Memorable activity

### Tailoring

We have partnered with B1G1, business for good, which gives impacts to carefully selected projects around the world so that your experience can pay for things like:

- Installing a water tap for a family in India
- Plant a tree to support reforestation in Indonesia
- Light up a life with solar lamps in Cambodia
- Provide access to free healthcare for a refugee in Malaysia
- and many more that can be tailored to your giving needs

## Event Overview

### What if you could change lives while having fun?

We've created the perfect activity for your team to give back while laughing and learning together as a team – Isle of Impact! Using our GoTeam app, each teams will be virtually transported to an island, where they must explore their surroundings while choosing challenges that include questions, cryptic clues, drawing, model making, photographs, and videos. The hunt integrates seamlessly with our global charity partner B1G1 and their giving projects. Prior to the event, we assist you in selecting give back projects for your team to give back to based on your budget and desired outcomes so we can develop a hunt that meets

your objectives and giving impacts.

This online scavenger hunt adventure generates a fun and friendly competition among your team while promoting collaboration among the whole group as they work together towards a shared objective – giving back and making a positive global impact. Results are instantly calculated within the GoTeam app so winning teams and total impacts are announced as part of the event wrap-up. The whole group celebrates the challenging, fun, and memorable experience, as well the difference they have made in the lives of others. As an added bonus, we send you all photos and videos taken as part of the event so you can share the memories!
